PROFESSIONAL SUMMARY

Frontend Developer with experience in building responsive web apps using React.js, Node.js, and MongoDB. Skilled in creating intuitive UIs and contributing to MERN Stack Projects like Smart Transportation and E-Commerce platforms.

KEY SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap
- Backend: Node.js, Express.js
- Database: MongoDB
- Tools: Git, GitHub, VS Code

PROFESSIONAL EXPERIENCE

AlmaMate Infotech Pvt. Ltd. **July 2024 - August 2024**

MERN Stack Intern

- Collaborated in a team of developers to build a full-featured web application using the MERN stack (MongoDB, Express.js, React.js, Node.js). Focused on developing the client-side interface with a responsive, user-friendly experience.
- **Contribution :** Designed and developed user-friendly web pages using React.js and Styled components using CSS and a styling library (Bootstrap).

PROJECTS

Smart Transportation System

- **Description :** Built a MERN stack-based smart transport solution for campuses with features like real-time data, route optimization, face authentication, and admin dashboards.
- **Technologies Used :** React.js, Node.js, MongoDB, GitHub, AI-based face detection, Google Maps API.
- **Contribution :** Designed and built responsive UI components in React.js for pages like login, registration and booking.

Shopping Cart

- **Description :** Developed a MERN Stack e-commerce app with product browsing, cart management, secure checkout, and admin controls for product and order handling.
- **Technologies Used :** React.js, Node.js, MongoDB, GitHub, Mongoose, JSON Web Token.
- **Contribution :** Built responsive UI components for product listing, cart, checkout, and order history using React.js.

Content Master

- **Description :** Developed a web platform to create, manage, and share digital content for use in coding, exam prep, and more.
- **Technologies Used :** HTML, CSS, JavaScript
- **Contribution :** Designed and implemented the full frontend interface with dynamic content handling.

School Management System

- **Description :** Built a web platform to manage academic, administrative, and communication tasks in educational institutions, enabling efficient interaction between students, teachers, and staff
- **Technologies Used :** React.js, Node.js, MongoDB, CSS, JavaScript
- **Contribution :** Handled frontend development and managed database integration for smooth data flow.

EDUCATION & CERTIFICATIONS

Bachelor of Technology, CSE **2021-25**
Dr. A P J Abdul Kalam Technical University (AKTU)
IMS Engineering College, Ghaziabad

Intermediate **2021**
S S SR Secondary School, Revelganj, Saran, Bihar

High School **2019**
St Joseph's Academy, Saran, Bihar

JavaScript Under The Hood
Codedamn

HTML5 - The Language
Infosys Springboard

EXTRACURRICULAR ACTIVITIES

Captain, IMSEC Football Club
